## **Cold Calling Security Companies (26 January 2010)**

Householders in Southend Borough are still being targeted by a number of security companies claiming to be carrying out surveys on behalf of the police or Essex Police with the intention of selling high priced alarm and CCTV systems. Essex Police do not employ outside companies to carry out surveys nor do they endorse such companies.

Anyone being cold called by security companies are strongly advised to terminate the call and report the caller to Consumer Direct on 08454 04 05 06.
